

FOR IMMEDIATE RELEASE

ATS announces Staff changes and Promotions

Castle Hayne, NC August 3, 2009 – ATS has made the following managerial staff changes:

Darlene Gainus is now assuming the role of Vice President of Marketing and Business Development. Darlene possesses all the skills necessary to market the suite of ATS products. She is an expert in the FIS product and has a very good understanding of the CIS. A graduate of Campbell University with a Bachelors degree in Business Administration, Darlene worked for Jones Onslow Electric for eleven years prior to joining ATS in 2000. While at Jones Onslow, she worked in the accounting, human resources and information services departments. At ATS, Darlene was the FIS Client Manager for eight years. Her responsibilities included developing, implementing and supporting the FIS product. In 2008, she was promoted to Vice President of Client Services and managed both the FIS and CIS support teams. Her experience at Jones Onslow, along with her Client Manager role while at ATS enables her to connect with the business needs of our current and prospective customers.

Darlene will remain available to help support the FIS product at a high level.

Kim Szymansky has been promoted to Director of Client Support. Kim graduated as a dual major, receiving a Bachelors degree in both Journalism and Psychology from the University of North Carolina - Chapel Hill. She received a MBA from Loyola at Baltimore. Kim has worked in client services for over fifteen years, having spent the last eight plus years with ATS. During this time, Kim has progressed up the ranks in the Support group. For the last two years, Kim's primary responsibility has been installing the CIS product. Similar to Darlene, Kim also brings a level of expertise to the position. She is an expert in the CIS product, has a general knowledge of the FIS.
